Please find attached the initialed and/or lined-through information disclosure statements filed 10/30/2003 (and its duplicate filed on 6/4/2004) and 7/9/2004. It has been found that the information disclosed therein do no adversely affect the indicated patentability of the allowed claims, primarily because they do not teach or fairly suggest at least the thermistor bonded to a carrier by a film comprising gold, as claimed by applicant.
